

Edward W. Brooke, III Foundation & Alpha Phi Alpha Fraternity Inc., Charity Golf Tournament

Dear Potential Sponsor,

Alpha Phi Alpha Fraternity, Inc., the first intercollegiate Greek-lettered fraternity for African American men, has been on the frontlines advocating for the development of young Black Men and civil rights since its establishment in 1906, and we continue this work today.

Since 1949, Boston's Epsilon Gamma Lambda Chapter of Alpha Phi Alpha Fraternity, Inc. has been a strong advocate for local communities. In 1983, the chapter established the **Edward W. Brooke, III Educational Foundation**, in honor of Brother Edward W. Brooke, III. Brother Brooke was an American politician, who represented Massachusetts in the United States Senate from 1967 until 1979. Prior to serving in the senate, he served as the Attorney General of the Commonwealth of Massachusetts from 1963 until 1967.

The EWB, III Educational Foundation is a 501c3 organization established to further support the mission of Alpha Phi Alpha Fraternity, Inc. Since its inception, the foundation has played a key role in executing key programs, such as voter registration, education, and engagement, as well as mental health awareness, COVID relief (food and clothing distribution), youth mentoring at area high schools, men's health education, and more. However, the Black communities of Massachusetts are still in need of greater access to resources across several genres, including healthcare, economic, social, real estate, and education.

The Brothers of the Epsilon Gamma Lambda Chapter of Alpha Phi Alpha, Fraternity Inc., thank you for your sponsorship consideration. Your sponsorship at our Charity Golf Tournament will directly benefit minority students who face racial prejudice, both educationally and socially, yet continue to pursue their dream of achieving excellence at universities across the United States. We appreciate your support as we are helping students achieve their baccalaureate degree.

Best regards,

Brother Frantz Pamphile
President
Epsilon Gamma Lambda Chapter
